The Chandler Memorial Cemetery Association is governed by a board of trustees elected annually at the association meeting the first Sunday in June. A perpetual care fund provides operating expenses. The board has voted to limit graveside services to the pavilion. Markers should be erected as soon as possible and gravesite floral arrangements should be limited to one per site. Statues, benches, birdfeeders, etc. will be removed.

Containers, planters, etc. at the columbarium will need prior approval before placement. Inurnment in the columbarium can be arranged by calling the cemetery volunteers at the above numbers.
